

October 2020 District Report for District 04, Long Beach:

Highlights from our District 04 meeting, held Wednesday October 7th, include the launch of our completely re designed website- Longbeachaa.org.

Our website is now a most useful tool for District members to better fulfill their service commitments.

As well, group treasurers can make contributions to our District directly through the website.

All audio files from this month's Heritage Day are already posted to our website!

District 04 is hosting the MSCA 09 ASC in December. A special service event in support of Standing Committees is in the works for early 2021.

Lastly, our delegate, Ed and our Area Chair, Mitchell, participated in our District meeting this month which delighted everyone present.

In Love & Service
