Brad W. led the discussion on the Tradition Checklist. This was a great sharing session on ideas, opinions, and experiences. Some of the highlights of the discussion included:

- The acceptance of people we may not care to have in meetings.
- How we judge new alcoholics or welcome them.
- How religious or ethnic issues can drive people away from meeting.
- Do meetings allow non-AA approved material to be used without a group conscience being taken.
- How we respond to celebrities when they attend meetings.

This discussion was a great reminder for us to ensure that the traditions are being maintained.
