

Panel 58 Orientation Workshop

This workshop is to help all of us to communicate and understand our duties, our responsibilities. Your Panel 58 officers along with you will discuss things like filling out an expense form and how to understand the budget process. All new panel 58 committee chairs are encouraged to attend. Did you ever wonder how something gets on the Assembly agenda or the Conference agenda? What are the Delegate's duties? The Alternate's duties? The Chair's duties? The Treasurer's duties? The Secretary's duties? The Registrar's duties? Where do I find out what my duties are? We will be there to answer those questions and more. Learn from our shared experience and ask questions in this brief workshop designed to help us all; "Commutate and participate" at the area level. Join your New panel 58 elected officers and fellow committee members in a day of sharing. Snacks and coffee will be served.
